

Walk-in Intake Procedure

- Rochester Rehabilitation offers open access intakes. These occur on a walk-in basis every Thursday.
 - Clients must arrive between 8 and 9:30 a.m.
 - Slots are limited and assigned on a first come, first served basis.
- New clients must bring an insurance card and picture ID.
- Please allow up to four hours for this visit, as it will include completing intake paperwork, meeting with intake coordinator, and the first session with therapist.
- Once clients have completed the intake process and have been admitted to treatment, an internal referral is made for a psychiatric evaluation. Typically, these appointments can be scheduled within four weeks after admission.
- For more information, please call 585-271-2520.
