

How do I get started?

We require a referral to be completed and returned to us by a physician. Our referral form can be found on the webpage. Once we receive your referral, you will be added to our waitlist and we will contact you when we are able to schedule.

What services do you offer?

We offer driver training for new and experienced drivers with or without equipment, permit preparation lessons, driver evaluations for senior drivers and experienced drivers with an existing medical condition, and vehicle modification and equipment consulting.

What is the cost for services?

The cost ranges between \$105 - \$420 depending on what service is needed. Please contact us directly for specific questions on pricing. Please note that we are not able to bill insurance for services.

What is the driver evaluation process?

The driver evaluation consists of a one-hour clinical evaluation which assesses cognition, memory, vision, reaction time, etc. and a one-hour driving evaluation. A valid permit or license is required, and Drive On company vehicles are used for the driving portion of the evaluation.
