### **Happiness House/ Finger Lakes Cerebral Palsy Association Celebrates 40 Years of Service in the Finger Lakes Community!**

Former students, consumers, families, board members, and employees attended Happiness House's 40<sup>th</sup> anniversary picnic celebration. Kite flying, a bounce house, popcorn, and sno-cones were among the highlights of the afternoon, held at John Brown Memorial Park in Clifton Springs.

### **Happiness House's Traumatic Brain Injury (TBI) Program Celebrates National Brain Injury Awareness Month**

Throughout the month of March an art exhibit was on display showcasing photographs by the TBI digital photography club at the Ontario County Arts Council Building "All Things Art". Friends, family, and others learned what life is like through their eyes when dealing with a traumatic brain injury. Opening night featured "Through Our Eyes: Life with a Traumatic Brain Injury", a documentary film created by Happiness House's TBI awareness group.

### **40 Years of Excellence at Happiness House**

In the late 60's a young father living in Geneva was told that his 1½-year-old daughter had cerebral palsy. This father had no idea what could be done to help his little girl. The girl's physician instructed him to give her a football helmet and forget about her condition. Her father didn't know where to turn. Through an article placed in the Geneva Times, volunteers stepped forward to create the Finger Lakes Committee of United Cerebral Palsy. They soon learned that there were many children with cerebral palsy in the area and, thanks to help from the New York State Elks Club and the Women's Club of Geneva, money was raised to open Happiness House's first childcare center in a house on North

Street in Geneva, serving five children with developmental disabilities.

Over the past 40 years, Happiness House has provided services to several thousand children and adults with and without disabilities. With sites in Canandaigua, Geneva, Gorham, and Waterloo, Happiness House offers an array of educational, therapeutic, recreational, residential and family support programs and services.

Our staff consists of dedicated and knowledgeable professionals and clinicians who have expertise in the areas of Special Education, Early Childhood Education, Occupational, Physical, Speech, & Music Therapy, Psychology, Service Coordination, Nursing, and Developmental Disabilities.

Committed to serving individuals with autism, traumatic brain injury, neurological impairments, as well as a wide variety of developmental disabilities such as Cerebral Palsy and Down Syndrome, our staff partners with individuals and their families to support them in meeting their goals.

### **March 1966 - Our First Home**

Our first class was held in a little white house on the corner of North and Mason Streets. We quickly outgrew this location and rented two additional rooms at a local church.

### **1965-66 Campaign Headquarters**

Storefront on Exchange Street, Geneva NY rented to raise start-up funds for a preschool program.

## Looking Back & Moving Forward

by Mary Walsh Boatfield

Chief Executive Officer

As we celebrate 40 years of enriching the lives of individuals in our communities, it is a time to reflect on the past and prepare for our future. Our first little house on the corner of North & Mason was home to five children just three days a week. Responding to the needs of families in the Finger Lakes community, we have grown to provide the highest quality integrated programs and services to children and adults with and without disabilities who live in Ontario, Seneca, Wayne, and Yates Counties.

Happiness House now serves 1,000 families annually. We have many individuals to thank for our growth & success throughout the years. Guided by the leadership of a very committed Board of Directors, Happiness House has developed & launched a five year road map for our organization. Although a new Happiness House logo has been unveiled, our foundational principles of equal opportunity, independence and the realization of individual potential continue to be the cornerstone of who we are and what we do. As we forge ahead toward new endeavors, be assured that Happiness House's commitment to our mission and vision will remain a constant. Happiness House truly believes that "What Happens Here Changes Lives Forever," and it will be our privilege to continue to enrich the lives of those we serve.

We are pleased to announce the creation & incorporation of the Happiness House Foundation, launched to ensure that resources will be available for all who need our services. Many thanks to all of the board members who have assisted us in the development of this organization.

Please join us in our anniversary celebration on October 23<sup>rd</sup> at the Ramada Geneva Lakefront. Be sure to watch your mail for more details, or log on to our website at [www.happinesshouse.org](http://www.happinesshouse.org).

## JOHN P. CLARY MEMORIAL AWARD

The Happiness House Adult Structured Day Program (SDP) recognizes the hard work and perseverance necessary to overcome a serious Traumatic Brain Injury. John Clary was one of those special people. John was a young man who had been diagnosed with a terminal brain tumor. Yet, he exhibited an incredible sense of humor and energy for life. John's willingness to get up each day and make the most of his opportunities was inspirational to everyone who met him.

Jim Daly

John passed away several years ago. Each year, we proudly honor his memory by bestowing the "John P. Clary Award" upon the consumer who consistently displays the characteristics that made John such a special person. These characteristics include; demonstrating a good work ethic, having good attendance, possessing a sense of humor, and being caring, outgoing, and friendly toward others.

Melissa Power

John set an example for all of us to aspire to. He demonstrated a wonderful sense of humor, genuine concern for others, a curiosity to learn and explore his world, and a fantastic commitment to get the most out of everything he undertook. Our most recent award recipients are Jim Daly and Melissa Power. We are grateful for their perseverance and "thumbs up" attitude toward life.

Jim continues to be a great role model for his peers, working hard at the SDP and in therapy. He advocates for himself & for others and always has a smile on his face. Jim is a member of the Photography Club and the Protect-A-Head project.

Melissa is very thoughtful of others and has many friends at the SDP. She has a wonderful sense of humor and a great smile. A good role model to the young members of the SDP, she uses her positive energy and outgoing spirit to make her day and other's days at program special. Melissa enjoys being at program and always makes the best of every day.

### Our Latest Endeavor...

We have built a brand new state-of-the-art facility located at 5415 County Road 30 in Canandaigua where preschool services and programs for adults with traumatic brain injury are located. Our Traumatic Brain Injury (TBI) Program is the largest day program funded through the Department of Health in New York State.

The TBI consumers and preschool students would appreciate having a semi-enclosed area to hold social activities. Currently, the adult consumers and preschoolers go to an outside area which has chairs and tables that rest on a slab of concrete and the addition of a pavilion would only serve to enhance the utilization of this area. This project would provide them with a sense of belonging, and would put the biggest and brightest smiles on their faces for helping to make a dream come true.

We are asking you to support us in accomplishing this great task of enriching the lives of more than 200 children & adults receiving center-based educational and therapy services in the Canandaigua area.

Please complete the form below and return it to Happiness House. If you would like more information, please call Cheryl Coppola at (585) 394-9510. Thank you for thinking of Happiness House!
