

# OneSource Solutions

Contract Manufacturing

## Quality Inspection Services

For more than 30 years, OneSource Solutions has offered the best-in-class contract manufacturing services. Based on customer requests, we're pleased to add Quality Inspection Services to our service portfolio. Known for our quality, flexibility, and speed, we've earned and maintained a strong ISO 9001 certification and can provide customer testimonials as to the caliber and integrity of our work. Our attention to detail and impeccable customer service assures the product is produced according to specification, the first time, on time.

### Why choose OneSource Solutions?

- Adaptable to your inspection needs
- On-time delivery
- Competitive pricing
- 100% satisfaction guaranteed
- ISO 9001:2008 certified
- Small or large volume projects

With 46,000 square feet of open flex space, high resolution camera systems, warehousing, inventory control, clean work rooms, and a flexible workforce, OneSource Solutions can meet your needs for quality, cost, and delivery. We average a 40-hour work week and can move to 24/7 with a 24 to 48 hour notice.

### Additional Services

- Inspection
- Sorting
- Testing
- Warehousing and distribution

### Industries Served

- Consumer goods
- Defense
- Injection molding
- Tool and die

**"For our sorting needs, it was important that OneSource meet three requirements: in-house capability, quick turnaround, and be cost-effective. They hit all three of our needs. There was great communication back and forth, and I received quick answers to my questions. Also, OneSource always looked at improvements to make the operation faster and more efficient. I look forward to future opportunities working with them as a supplier."**
